

Martin Czermin new CEO of NFON AG

Former CEO Rainer Koppitz becomes Chairman of board

Martin Czermin, former Chief Sales Officer, is the new CEO of NFON AG. Former CEO, Rainer Koppitz, is joining the Board of Directors as company Chairman. In his position as CSO, Martin Czermin oversaw significant growth in sales, and will continue to implement NFON's successful strategy supported by members of the management team. Alongside his new duties on the Board of Directors at NFON, Rainer Koppitz will be joining the management board of an international telecoms company.

"Cloud-based telephone systems are now well-established in Germany. This is thanks not only to growing demand, but also to the extraordinary creativity and productivity of our colleagues all over Europe. We have in Martin Czermin an outstanding industry expert and strategist who will use his expertise to continue to promote NFON's outstanding rate of growth", says Rainer Koppitz. *"Martin Czermin and I have worked together successfully for twelve years, and we are both delighted that this partnership will develop in its new form",* added Rainer Koppitz.

Under Rainer's stewardship as CEO of NFON AG, the business has expanded into nine additional European countries making NFON present in twelve countries and the number of
