

1 Introduction

With the "Telephony Connection Germany", NFON provides the Customer with services of the "Public Telephone Network" in accordance with the "Service Description Cloudya" within the Federal Republic of Germany. This service can be used in connection with other services on the NFON platform booked within the framework of a tariff

2 Conditions

„Telephony Connection Germany“ includes one-off, monthly recurring and monthly variable and usage-dependent costs.

The services used are billed on a monthly basis retroactively (in arrears), at the beginning of the following month. One-off costs can also be invoiced immediately

Monthly costs

Invoice item	Price (€)
Usage of an international telephone number per telephone number	9,90

One-off set-up costs

Invoice item	Price (€)
Porting of an existing telephone number	free of charge
Set-up per existing connection	19,90
Provision of a new block of 10 geographical call numbers	19,00
Provision of a new block of 100 geographical call numbers	149,00
Block extension ¹	199,00
Block shortening ¹	199,00
Set-up CLIP - no screening per telephone number	69,00
Set-up international telephone number per telephone number	9,90
Set-up international site for interantional telephone numbers per site	99,00
Porting of international telephone number per processing	on request

¹In case of extended telephone numbers, the availability cannot be guaranteed! The availability depends on the systems of the network provider involved in the connection. A block extension/block shortening can only be carried out subject of NFON's verification.
